LAND DAMAGE CASE TO RECOVER $9,000

Permission Granted Hugh Keniff To File Petition

WELCH CASE NEXT

Six Indictments Returned By Grand Jury Yesterday Afternoon—Jury in Session Today.

The second day of the January session of the United States District Court, Judge Edmund Waddill, convened shortly after eleven o'clock this morning.

The first case was that of Hugh Keniff, represented by ex-Judge C. E. Nicol, and Attorney H. B. Barger, of Washington.

It is a claim for damages to land of the plaintiff used during the past two years for military purposes. It is situated west of the Camp Humphreys road, and is being utilized preliminary to condemnation proceedings. The plaintiff urged that the government should act in the matter or pay damages incidental to the use of the property. The government had contemplated purchasing the land, but the owner and prospective buyers failed to agree on the price demanded ($35,000). The plaintiff claims the damages amount to $9,000. After an gument the court decided to allow the filing of the petition pending the action of the government.

The case of Arthur and George Welch, indicted for taking goods from a Chesapeake and Ohio Freight car, was subsequently called. They are represented by Edmund Burke, who called attention to the fact that one of the accused had been tried and declared not guilty by the Corporation Court of the city of Alexandria, and that he (counsel) had drawn up separate pleas in the case, but upon learning that the two men had been indicted jointly by the United States Court he asked time to prepare his case. Judge Waddill suggested that the case be fixed for tomorrow morning, but Mr. Burke said he could not formulate his case in so short a time. The court replied that should the case be continued longer than tomorrow it would go over until the July term of the court. This the Judge was opposed to doing, remarking that such a postponement might result in having the case stricken from the docket, as often results from extended delays. He therefore directed the United States Attorney and Mr. Burke to be ready tomorrow morning with the case.

Lucky Sands, colored, plead guilty to breaking open a box in the Manassas postoffice and taking a letter therefrom. He has already served four months in jail and an additional 30 days was given him.

About a dozen aliens were naturalized as citizes of the United States.

A grand jury in the United States Court for the Eastern district of Virginia, Judge Edmund Waddill presiding, yesterday afternoon returned true bills to the following indictments presented: Edward C. Hennessy forging postoffice money orders; Lucy Sam breaking open letter boxes of U. S. Mail; Charles Root and John Mooney having in their possession stolen government property. Edward C. G. Kettlehon alias Edward C. L. Kettlehon forging and passing obligation of the United States, George Welch and Arthur Welch larceny from interstate shipments of freight; Hugo Herfurth failure to place signs on building occupied in selling cigars and taking theer from quantity without proper stamp.

A non suit was entered in the cases of the eight suffragettes who sought to recover damages from W. H. Whittaker, formerly superintendent of the Occoquan Workhouse and Emanuel Rems, the suit being the outcome of their incarceration at that institution.

NO DROP IN PRICES

Trend of Living Cost up, Not Down, Says Labor Statistician

Washington, Jan. 6.—In contradistinction to the public prediction of Attorney General Palmer that the high cost of living will fall before March 1, Royal C. Meeker, United States Commissioner of Labor Statistics, gave out a prepared interview Sunday night declaring he saw no prospect of lower prices for several years to come, and expressing the opinion that the trend of events lead to the belief that prices might go still higher.

Dr. Meeker has been in charge of the collection of statistics on the cost of living for several years, and his prediction was a subject of keen interest here last night. It was recalled that when Mr. Palmer made his prophesy about prices falling some ten days ago, his statement did not show that the Department of Labor under which Dr. Meeker carries on his work, shared his optimistic views.

In view of the fact that some of the wage disputes now before the railroad administration are involved with the promised decreases in living costs, curiosity was expressed as to the effect of the Meeker prediction on those controversies.

DRIVE ON REDS URGED

Assassination of Clemenceau Declared Part of Program of Bolshevists

Paris, Jan. 6.—Leon Daudet, royalist member of the Chamber of Deputies, announced yesterday he would interrogate the government urging it to initiate an anti-Red drive similar to the roundup now being carried on in the United States.

"There exists in France a latent Bolshevist plot, the financial and press direction of which is co-operating with the American organization," said M. Daudet. "The plotters will begin operations as soon as Clemenceau ceases to be premier.

"The civil, military and police authorities are fully posted on the inner workings of this organization and unless they take immediate action there will be another attempt to asssassinate Clemenceau, whose election as President of the Republic the Communists are determined to prevent."

Deputy Daudet added the plotters were particularly active in Marseilles, Brest, Havre and Toul.

WEINSTEIN ARRESTED

New York, Jan. 6.—Gregory Weinstein, chief of staff for Ludwig C. A. K. Martens, self styled ambassador to the United States of the Russian Soviet republic, was arrested on a deportation warrant yesterday by agents of the Department of Justice Weinstein, according to Department of Justice officials is the most influential Russian communist, next to Martens, in America.

Weinstein was taken into custody at the "Russian Soviet embassy," where he was head of the diplomatic department. An exile from Siberia, he arrived here with Leon Trotzky, Russian Soviet minister of war, a few years ago, and is his close personal friend. He was formerly editor of the Novy Mir, the organ of the Russian Socialist Federation.

BILL TO ENLARGE CITY POSTOFFICE

Introduced In House of Representatives by R. Walton Moore.

ASKS FOR $178,000

Present Accommodations are Inadequate and Office is Badly Crippled For Want of Floor Space.

A bill carrying with it an appropriation of $175,000 to build an addition to the postoffice in this city was introduced in the House of Representatives yesterday by Representative R. Walton Moore, of the Eighth Congressional district.

The bill was referred to the house committee on public buildings and grounds and a hearing it is expected probably will be given on this proposition within the next few days.

It is stated in the bill that the present quarters of the Alexandria postoffice are entirely inadequate.

News that the bill had been introduced was received with gratification not only by the postoffice officials here but also by the business interests generally.

The present quarters of the city postoffice have long since outgrown the business now done at this institution and rooms on second floor of the postoffice building are now being used in order to carry on the business. Even with these additional rooms in use the office proper needs more room for its rapidly increasing business.

BURNS WITH HIS HOME

Granddaughters Severely Injured Attempting to Rescue Old Man

Reading, Pa., Jan. 6.—Declaring that if his life time home was going to burn down, he was going to burn with it, William Kennedy, 80 years old, well known retired farmer of Robeson township, below Reading, refused to leave his bed when the house caught fire early yesterday and he perished in the flames, his charred body being found in the ruins.

Two granddaughters, Annabelle Kennedy, aged 19, and Edna, aged 17, were seriously burned in their attempt to drag the aged man out of his bed to safety, and both are now in the hospital. Annabelle is in a critical condition with severe burns of the head and back.

The aged farmer lived in the house all his lifetime. The two girls kept house for him. While preparing breakfast they smelled smoke and aroused their grandfather, telling him to flee for his life. "If the house burns down I want to burn with it," he calmly declared and rolled over in bed. By drew the covers over his head. By this time the smoke and flames were shooting up the stairway. The girls pulled and tugged to get their grandfather out of bed, but he fought them off until the bed caught fire and they had to flee for their own lives.

The aged man was one of the best known residents of lower Berks county. He had often made the expression that he had lived long enough.

SCARCITY OF WATER

City Authorities Supply Outlying Districts Because of Works Strike

Montreal, Jan. 6.—Owing to the strike of the municipal water works employees, city authorities yesterday began the delivery of water in barrels to outlying sections of the city's inability to man all the pumps at the municipal works. One of the largest pumping units at the works broke down yesterday morning depriving the principal residential section of the city of high water pressure.

DIED

JACKSON—Monday, January, 5, 1920, at 410 Wolfe street, after an illness of ten months, Frank Henry Jackson, aged 35 years, brother of Bertha Jackson. Funeral Wednesday, January 7, at 2 p. m., from A. M. E. Church. 5-1p.

DEATH OF MRS. MADDEN

Former Alexandrian Passes Away in This City Last Night

Mrs. Ida Regina Madden, wife of Mr. James E. Madden, employed at the Pension Bureau in Washington, died at the home of her mother, Mrs. Ida Creegan, 211 South Royal street, at 10:30 o'clock last night. She is survived by her husband and three children—a boy and two girls.

The deceased was a daughter of the late Michnel Creegan, and was born in Alexandria, where she resided until her marriage, when she became a resident of Washington. About two weeks ago, broken in health, and sorrowing over the death of one of her little ones, she returned to her former home where she laid down life's burden.

Mrs. Madden, when in her teens, was an attache of the Gazette, where she was employed until her marriage. Faithful to every trust confided to her, she was justly esteemed by all with whom she came in contact, and her death is sincerely regretted by her former colaborers in this office, in bygone years, among whom she was a general favorite.

Death has made frequent calls at this home during the past few years A little brother of the deceased, it will be remembered, was killed by an electric train on South Royal street a few years ago. The death of the father of the family, Michael Creegan, was followed by the passing away of his daughter, Mrs. Helen E. Burgess, a victim of the "flu," in 1918. And now crape is once more on the door knob.

We are told that "they who sow in tears shall reap in joy." May these words comfort those suffering from a fourth visitation of the angel of death.

Funeral services will be held Thursday morning at 10 o'clock from St. Mary's Catholic Church.

CREDIT TO VON KLUCK

Joffre Says he Saved German Army From Catastrophe

Geneva, Jan. 6.—A tribute to Field Marshal von Kluck, commander of the right wing of the German army in its advance on Paris in 1914, has been paid by Marshal Joffre, who is visiting the little town of Aigle, just west of St. Maurice.

Joffre is an expert in vine culture and recently a number of town officials, farmers and peasants called to ask him his opinion of recent vintages stored in the commune cellars at Aigle. Seated on a bench in front of a rustic inn and sipping wine the grizzled old warrior became reminiscent.

"Masterly tactics in the retreat from the Marne, while they did not stem the tide of defeat, saved the German right wing from complete disaster," he said. "The enemy was able to retire with only small losses and it was Von Kluck who prevented an overwhelming catastrophe."

While he strongly condemned, the German soldiers for their conduct during the war, Marshal Joffre stated he admired their bravery.

$250,000 BETHLEHEM FIRE

Five Families Are Made Homeless in Midnight Blaze

Bethlehem, Pa., Jan. 6.—Fire of unknown origin broke out in one of the most prominent business blocks in the city at midnight last night, entailing a loss of more than $250,000.

The store of F. W. Woolworth & Company, including two apartments, and the flour and feed store of H. H. Lynn and Co., were destroyed and nearby business places badly damaged. Five families were rendered homeless.

The loss is partly covered by insurance. Both destroyed buildings were owned by Bennie Goodman.

DAVIS WANTS RULING

Governor Reported Considering Plan to Abolish Prohibition Department Through Cutting off Appropriation

Winchester, Va., Jan. 6.—Governor Davis has requested Attorney General Saunders to prepare an opinion as to whether the state prohibition department is within its legal rights in expending public funds to engage private counsel for the defense in the case of Inspector W. C. Hall and three deputies, charged with shooting and killing Lawrence Hudson and Raymond Shackelford, alleged bootleggers near Fisher's Hill last March. Two juries have already disagreed and have been discharged, and Inspector Hall is to be placed on trial for the third time next April. The other men have never been tried.

Many leading taxpayers throughout the state, it is said, are anxious to see some disposition made of the cases, because the state is compelled to bear the expense of not only prosecuting, the men, but also of defending them.

Those who have followed the course of events ever since Hudson and Shackelford were killed declare the case will be one of the most expensive the taxpayers of the state have had to bear in many years. The prohibition department, it is said, was unwilling for Inspector Hall to be punished even with a nominal fine of as much as $1, insisting upon an honorable acquittal."

Governor Davis, it is understood is giving much attention to a plan to abolish the state prohibition department altogether, and a report is gaining credence throughout the state that he will strike from the budget the appropriation for maintaining the department, the functions of which are already being exercised to a large extent by the new federal authorities. The General Assembly convenes on January 14, and it is expected that almost at the outset of the session Commissioner Peters' office will be a target for hot shots.

Kenneth N. Gilpin, of Clarke county, who is opposing Richard L. Brewer, of Nansemond, for the speakership, favors abolishing the prohibition department as an economic measure while his opponent is being supported by the friends of Commissioner Peters.

BOY'S FATAL MISTAKE

14 Year Old Lad Dies in Agony After Fatal Draught

Morristown, N. J., Jan. 6.—Harold Hoover, 14, is dead at his home after drinking poison in the belief that it was whisky. He got possession of a bottle containing the poison and tipped it to his lips. A smaller brother called to his mother, "Harold has found some whisky and is drinking it."

Mrs. Hoover, knowing that there was no liquor in the house, hurried to the scene, and found the boy suffering terrible pain. He was dead before a doctor arrived.

CONCEDE TO GERMANS

Reduction in Indemnity for Scapa Flow Sinking

Paris, Jan. 6.—The Supreme Council yesterday morning finally decided on the wording of the note to the German delegation, confirming the verbal statement regarding the indemnity of the Scapa Flow sinkings, made known to Baron von Lersner by Secretary Dutasta, of the peace conference. It is understood that this note virtually reduces the demand for reparation from 400,000 tons to about 275,000 tons of dock and harbor materials.

This note will be delivered at the same time the protocol is signed.

SHOTS FLY IN DUBLIN PARK

Viceregal Lodge Offers No Explanation for Armored Cars' Search

London, Jan. 6.—"There was another mysterious affair in Phoenix Park shortly after Sunday midnight," says a Central News dispatch from Dublin. "A volley of shots was heard in the park. Then all was quiet for twenty-five minutes, when a fusillade started and lasted several minutes. It appearently came from the direction of the magazine of the fort near the Viceregal Lodge.

"It is also stated that from then until dawn the park was scoured by armored cars with bright searchlights. No official explanation has yet been made."

Dublin, Jan. 6.—A party of musicians, motoring from Dungarvan to Ardmore, County Waterford, were attacked yesterday by eight armed men who punctured the tires and petrol tank of the machine with revolver shots. The attacking party overturned the automobile and forced the musicians to walk home.

The police used hand grenades to repulse an armed attack on a patrol which was ambushed near Ballyvaughan, County of Clare, Saturday night. Shots were fired, and a civilian doctor who was passing the scene of the attack was wounded.

Grenades also were used early Sunday morning when an onslaught was made against the barracks at Kilmurry.

Ballylongford, County Kerry, Jan 6.—A policeman was seriously wounded by a gunshot fired while he was patrolling his beat in the village here last night.

HELD AS SLAVE, SHE SAYS

Virginia Woman Tells Senate Committee of Experience in Mexico

Washington, Jan. 6.—A dramatic story of eight months hardship and degradation as a prisoner in a Mexican bandit camp was told yesterday by Mrs. Cora Lee Sturgis, a Virginian, before a Senate committee investigating the Mexican situation.

With tears in her eyes, Mrs. Sturgis told how her old mother, worn out by long suffering and humiliation, died of starvation after their plantation had been looted by the bandits, and how she had been forced to go into the hills to cut wood and of a long tramp to another camp with a secret message from bandit to bandit sewed in the sole of her shoe.

Americans were perfectly safe under Diaz," she said. "We had no trouble under Madero, because the people like him. We had no trouble with Huerta, and folks in my part of the country—Chiapas—hardly knew of him. Our first trouble was in 1914 when Carranza sent troops to our section to drive away the help. As a result we lost big crops, right on the eve of the harvest."

It was nearly two years later that the home of the Sturgis family, comprising Dr. Sturgis, a dentist; his wife the witness today, and her mother was raided by Federal soldiers who charged them with giving refuge to rebels.

"Two of Carranza's captains and a lot of soldiers came to our home and beat us with guns," Mrs. Sturgis testified. "When my husband protested and reminded the bandits that we were Americans they pushed him aside and laughed saying 'your old Government is only a bluff.' They found no rebels, but they were not satisfied and wanted to search the roof, insisting that I go up with them. I told them I was an American, not a roof climber, but they struck me on the shoulder with a gun."

WILSON TO SEND MESSAGE

Washington, Jan. 6.—President Wilson will send "an important word of greeting" to the Democratic dinner on Jackson day, January 8 it was announced yesterday at the White House.

No information was available at the White House to the form the President's message would take. Secretary Tumulty declined to amplify the bare announcement that it would be an "important word."

Some friends of the President believed, however, that he would take this opportunity to give his views as to future policies.

There was wide conjecture as to whether the President would discuss the third term question. On this White House officials were silent, but some of the President's friends have insisted throughout that he would not be a candidate under any circumstances. They regard it as probable that he will make this clear in his message.

HAPPENINGS ABOUT CITY TOLD IN BRIEF

THE PROHIBITION ISSUE

Several years ago, when Prohibition was made an issue in Virginia, the Gazette was in the minority when it advocated Local Option. A majority of the voters of the Old Dominion cast their ballots for Prohibition, and, as good democrats, we bowed to the will of the majority, but with the announcement that this paper favored the strict enforcement of the law now that it had been written in our state code.

It is often seen, after enthusiasm has expended surplus steam, that minorities are right, and events subsequent to declaring the state and later the country dry have brought about conditions which did not require a prophet to foresee. It should have been apparent then that sooner or later Prohibition would become a great national issue.

Many conservative people believe 2.75 per cent. beer and light wines should be tolerated, but the law is inexorable—nothing in the shape of stimulants is allowed under it. Hence the unrest which is added to prevailing conditions in the world incident to the recent war.

The United States Supreme Court gave John Barleycorn another severe blow yesterday in sustaining the Prohibition definition of "intoxicating," and affirming as illegal the sale of beverages containing one half of one per cent of alcohol.

The decision of the court on this point was five to four, indicates that almost half of the tribunal is composed of dissenters on a proposition of great significance and importance. For the time, nevertheless, judicial avenues to new life for stimulants seem to be strongly barred, and little is to be hoped from other cases yet to be argued in the Supreme Court.". But, as the Baltimore Sun says, "the battle is not ended; it simply shifts. The new plan of campaign is to center in attacks upon Congress—to make the liquor question a political issue until a Congress has been secured which will modify the enforcement act. That will be the entering wedge."

"Many politicians are already wondering how much of a mistake they made in their unreserved alliance with Prohibition.

"The submission on the question to a popular vote, as is proposed in New York, would have no legal effect, but it might exercise a tremendous political influence. If a referendum were taken on the subject in most of the other States, and it should be demonstrated by the popular vote that the public sentiment of the country is opposed to drastic enforcement, how long would Congress be able to stand out against such a demonstration

"The Prohibitionists assert that they represent the majority of the voters of the counutry. If this is so, they should welcome State or national referendums."

Conditions which will confront the legislature of Virginia when it convenes this month are viewed with apprehension by "drys," as a determined effort will be made to abolish the Prohibition Department.

COST OF INVESTIGATING

We are suffering from an epidemic of investigating. New boards, new committees, new commissions are appointed every day. Whenever a new social or industrial trouble arises—and that is every day—straightway we appoint a commission to investigate it. Having done which we smile contentedly and look upon the matter as concluded. New troubles will occupy the front page and our attention on tomorrow. In a short time we are confronted with the fact that the commission has completely failed to mend the matter we committed to it, whereupon we appoint a new committee to investigate the old one and so it goes.

Take the matter of the coal strike. What an object lesson in commissioneering is here. The three opposing interests, the operator, the miner, and the consumer, remain implacable and opposed. It seems more difficult than the old game of Pigs in Clover to get them together or having once got them together to make them stay together.

How many commissions have we dispatched upon the trail of that tremendous Buggaboo, The High Cost of Living? Have they ever been able to track him to his lair? They have not. They have been notably successful onl y in determining where his lair is not.

There are some so bold as to declare that the commission is the last word in futile diffusion of governmental authority. Their aggregate cost must be tremendous. The net result of their labors is very generally zero.

If we wish to navigate a ship from here to Liverpool we do not appoint a commission of three ship owners, three passengers and three Disinterested Persons, and set them to conferring about the matter. No, we choose one competent person, name him Captain (head man) and put the whole adventure in his hands.

We believe it was Oliver Wendell Holmes who said that the best committee is one composed of three members, two of whom are sick—a witty way of saying the same thing

THE CASE OF BERGER

Victor Berger promised a New York audience that he would keep on being elected to Congress from his Milwaukee district as often as the House threw him out. Which seems to indicate his belief in his ability to keep out of jail.

As the Philadelphia Inquirer says, "his confidence is not without basis. A jury convicted him and the judge sentenced him to prison for 20 years for his pro German actions during the war and his obstruction of the draft. But here he is, like so many other seditionists, traitors and anarchists, walking around at liberty with Federal officials and courts apparently not bothering themselves. Men are arrested, tried, sentenced, appeal, get out on bail—and stay out.

"There is a screw loose somewhere. Or perhaps Justice is taking a vacation and doesn't care what happens. But it is a queer state of things when Victor Berger, who should be doing time in a Federal penitentiary, can run for Congress as if nothing had happened to him. As a matter of fact nothing has happened—except on paper."

WHISKY SMUGGLED

Newark, N. J., Jan. 6.—Canadian liquor dealers utilized the Christmas spirit and more specifically the Christmas tree to smuggle vast quantities of whisky over the border into the United States during the holiday season, according to internal revenue agents here. This, they said, was the chief reason of the flooding of the tree market, which resulted in many dealers giving their stocks away.

Federal agents asserted that in the thick branches had been concealed, many a quart of "red liquor," and that after these "decorations" had been removed, added supplies of trees had been offered dealers already overstocked.

HOUSE VOTES PENSIONS

Union Survivors of Civil War to Get $65,000,000 Annually

A bill revising and equalizing pension rates for civil war veterans and certain dependents was passed unanimously by the House yesterday.

Representative A. P. Nelson, Republican, of Wisconsin, urging the bill, said it proposes, a general increase in the pensions, amounting in all to about $65,000,000 annually. It provides for soldiers, sailors, and Marines who fought in the civil war, and certain widows, former widows, dependent parents, and children of such veterans and certain army nurses.

It virtually provides a minimum of $50 a month for all classes of veterans entitled to a pension under existing law, and proportionate increases ranging up to $90 a month are allowed. Those who lost a hand or foot or received an injury equally serious are entitled to $60, those losing an arm or a leg at the elbow or knee, $65, and loss of arm or leg at the shoulder or hip, $72. Loss of hand or foot in some instances calls for $90.

Widows of veterans discharged for disability incurred in line of duty, and who were married to the veteran before June 27, 1915, are given $30 a month; army nurses, and certain dependents are allowed a similar amount.

How Competition Helps You

The competition that exists among the hundreds of meat distributors, large and small, means

Rivalry in Prices
Rivalry in Service
Rivalry in Economy
Rivalry in Quality

Swift & Company sells meat at the lowest possible price, consistent with quality and service. Our profit of only a fraction of a cent a pound on all products is evidence of keen competition.

Swift & Company must provide the best service to your dealer or he will buy from our competitors. This means a supply of fine fresh meat always on hand for you at your dealer's.

Swift & Company must keep down manufacturing and selling costs, and use all by-products to avoid waste, or else lose money meeting the prices of competitors who do.

Swift & Company must make its products of the highest quality, or see you turn to others. This means better meat for you and a greater variety of appetizing, wholesome food.

We are as glad for this competition as you should be. It helps to keep us on our mettle.

BUELOW ASKED TO LEAVE

Italy Regards Former Chancellor's Presence as Undesirable

Rome, Jan. 6.—Prince von Buelow, former German chancellor and recently sent to Italy on a diplomatic mission, has been informed that his presence in this city was undesirable for the reason it could cause trouble for the Italian government, according to newspapers here.

As a result he will spend the winter at Lucerne, Switzerland.

KILLED BY BAD BOOZE

Louisville, Ky., Jan. 6.—Two negroes died here late Sunday night and two other persons were reported critically ill as a result, according to Coroner Carter, of drinking wood-alcohol "whisky" purchased from an alleged bootlegger. Coroner Carter revealed that wood alcohol taken as whisky has caused five deaths here within a month.

VIRGINIA NEWS

The C. D. Kenny Co., of Baltimore, operating a chain of stores in Richmond and other cities, has been cited to appear before the Federal Trade Commission in Washington for making sugar sales conditional upon the purchaser taking a certain amount of coffee.

Four persons were seriously hurt in an explosion of a water heater in a barber shop in Norfolk yesterday. The explosion completely wrecked the shop. Although three men besides those injured were in the place at the time, they escaped injury from flying iron and glass. The force of the explosion blew out the partition and set fire to the wreckage.

A Republican representative has promised Warwick county, a Democratic stronghold, that it may rely upon him for every possible aid he can render in the fight to retain Camp Eustis. C. Bascomb Slemp, Ninth district representative, spent yesterday at Newport News inspecting Camp Eustis after a visit to Camp Bragg, and the Republican representative declares that he will fight for the retention of the camp as a military necessity.

Chief of the fire department, J. F. Ludlow, of Hampton, had a miraculous escape from death, Sunday, while fighting the flames at a fire in the second story of a dwelling house. The chief was standing in a second story room directing the battle against the flames when he felt the floor beneath him about to crumble; he gave a leap and landed in a place of safety just as the floor gave way, and crashed into a writhing inferno below. Chief Ludlow, who is 65 years of age, has been fighting fires for 21 years.

Walter F. Ferrell, 44 years old, former grain broker of Lynchburg, died unexpectedly yesterday morning. He was found lying across the bath tub and died before medical assistance could be summoned. Heart trouble is thought to have caused his death. He had been manager here for several years for the Saginaw Milling Company. He was a native of Danville.

TURKEYS DESTROYED

Health Authorities Seize Large Quantities of Ancient Foods

Indicative of the effect of the boycott on turkeys waged by consumers when prices were boosted during the holidays was the announcement yesterday that 3,108 pounds of the birds were left on the hands of Washington dealers and spoiled. They were condemned and "denatured" by inspectors of the District Health Department.

Two hundred and fifty-six pounds of chicken also were destroyed under supervision of health officials.

More than 600 pounds of the turkeys found unfit for consumption had been in cold storage since Thanksgiving.

Prices asked for these fowls during the Christmas season were beyond reach of the average man's pocketbook, ranging from 70 to 80 cents a pound. At this figure the turkeys allowed to decompose were worth $2,831.

Other lots of food condemned by the health authorities included 188 rabbits, 9 barrels of sweet potatoes, 62 pounds of veal, 5 packs of fish, 11 hampers of beans, 6 crates of lettuce, 2 bunches of bananas, 10 pounds of liver, 15 pounds of pork, and 20 cocoanuts.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of Chas. H. Fletcher and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. IMPROVED AND UNIMPROVED

My list of city and suburban homes is too large to publish, but if you want a home or farm, call at my office or 'phone 1082 and I will furnish you with a list of properties answering the descriptions of what you want. I have some real bargains.

Also, if you have properties for sale, list them with me, for 85 per cent of the buyers come to me.

Edwin B. Garth
624 KING STREET, PHONE 1082

Your attention is called to the fact that probably ninety per cent of the buyers come to my office to inquire about the purchase of property. I am a persistant advertiser, and in addition, I, and my assistants are constantly on the lookout for purchasers.

"Know How" is just as necessary in this, as in any other line of business, and I am amply able to refer you to owners whose property I have disposed of to convince you that I do know how. Therefore, it is evidently to your great interest to list your properties with me.

If You Contemplate Buying a Home. Don't Delay. Do It Now!

Get the idea out of your mind that you ever again can purchase a home at the prices prevailing a few years ago. It can never be done, Alexandria will continue to grow, the talk of the pessimist can't retard its growth.

My reason for advising the purchase now is, because the cost of building material is showing an advance each month, and labor will most certainly not be lower.

It is the opinion of men most competent to forecast the future, that these conditions are certain to continue for some years. Therefore, it appears that you will be considering your best interest by purchasing now.

As the cost of building advances, so will rents be increased, and in sympathy with the cost of building, houses already constructed are certain to advance in price, then, too, because of the scarcity of houses, and the demand, larger initial payments will be demanded. If you have, or can secure $500 or more, purchase your home now, or you will regret it later.

Six modern brick homes on King street, near Union Station, containing eight rooms, (two in basement), bath, electric lights, and all modern conveniences. These are attractive homes, with great future values to look forward to. Especially favorably located for railroad men. Price $5,500.00. Small cash payment.

Nine room and bath brick, 201 South Lee Street, convenient to torpedo plant, a paying investment as a rooming house, reasonable terms if desired. The price is reasonable, first payment $700.00 to $1,000.

A basement house in South Pitt street, very desirable neighborhood. Many people prefer this style of house, reasonable in price.

Several homes in upper Prince street, convenient for railroad men, can be purchased on reasonable terms One of these particularly attractive.

NOTICE

If there is a property that you especially desire, and which is not on the market, consult me, perhaps I can secure it for you. It is part of my business to attend to these matters for you.

Magnificent Home in Beautiful Rosemont

This property is one of the most attractive imaginable, built of the finest materials throughout; rooms all large and light; high elevation, two blocks station. Contains living room, library, dining room and kitchen on first floor, five bedrooms and two baths, on second floor, and unfinished attic. Vapor heat, concealed radiators.

This is an unusual home and must be seen to be appreciated.

It will give me pleasure to show you this unusual home, price $19,000.00. Any builder will assure you that this house could not be duplicated for less than $25,000.00 without the value of the lot. Will require about $5,000.00 to handle this.

In upper Prince street, a corner brick store building, with living rooms above, fine location for combined city and country trade, should prove a money maker. Price about $5,500.

Completely furnished hotel, which if run on the European plan, should prove profitable. I am advised that the furnishing of this hotel cost about $7,000. Price $20,000.

One of the most attractive homes in the city, 500 block of Duke street, specially desirable neighborhood, large lot, garage in rear, a bargain at $8,000.

Several people are contemplating purchasing this fine home, so you should decide promptly. $3,000.00 cash will handle this.

A very handsome home in South St. Asaph street, excellent neighborhood, an unusual home in every particular, a house for a permanent home. Price $16,000. Also house and very large lot adjoining $6,000.

Attractive six room and bath brick in South Royal street, near station very convenient to torpedo plant and shipyard, adjoining electric railroad station. Price $5,500.00.

Desirable homes in St. Elmo, Del Ray, Cottage Park, also lots in Rosemont and George Washington Park. Homes in East Rosemont can be secured on reasonable first payment.

400 block of Prince street, a very large and handsome home, large lot, two story brick garage, paved alley, could not be built today for less than $20,000. Price $12,000. Other homes in this neighborhood.

YOU NEVER CAN TAME A WILD CAT

Mr. Dodson Warns Against Use of Treacherous, Dangerous Calomel

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodsons Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to children; they like it.

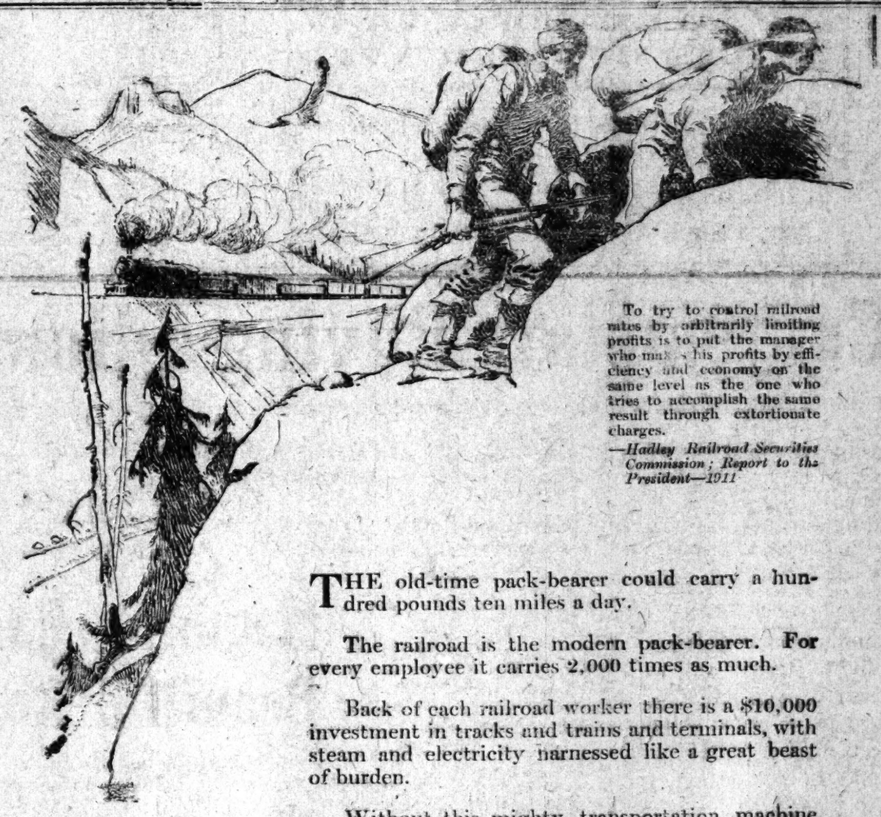
U. S. RAILROAD ADMINISTRATION.
Ticket Office, Union Station.



To try to control railroad rates by arbitrarily limiting profits is to put the manager who makes his profits by efficiency and economy on the same level as the one who tries to accomplish the same result through extortionate charges.

—*Hadley Railroad Securities Commission; Report to the President—1911*

THE old-time pack-bearer could carry a hundred pounds ten miles a day.

The railroad is the modern pack-bearer. For every employee it carries 2,000 times as much.

Back of each railroad worker there is a $10,000 investment in tracks and trains and terminals, with steam and electricity harnessed like a great beast of burden.

Without this mighty transportation machine the railroad worker could do no more than the old-time packer. But with it he is enabled to earn the highest railroad wages paid in the world, while the country gains the lowest-cost transportation in the world.

The modern railroad does as much work for half a cent as the pack-bearer could do for a full day's pay.

The investment of capital in transportation and other industries increases production, spreads prosperity and advances civilization.

To enlarge our railroads so that they may keep pace with the Nation's increasing production, to improve them so that freight may be hauled with less and less human effort—a constant stream of new capital needs to be attracted.

Under wise public regulation the growth of railroads will be stimulated, the country will be adequately and economically served, labor will receive its full share of the fruits of good management, and investors will be fairly rewarded.

GROCER MURDERED

Body Found With Bullet Wound in Head Near 52- Gallon Barrel

New York, Jan. 6.—Rocco di Netoli, a 40 year old grover, of 428 W. Thirty-first St., was murdered Saturday while attempting to prevent the theft of a barrel of wine from the basement of his shop.

Netoli's body was found shortly after midnight lying across the three hold of a door leading from the basement to a hallway that connected with the backyard of his place. There was a bullet wound in the right side of head. Near the body and wedged in the doorway was a fifty-two-gallon barrel of California wine, which the police say was evidently being removed when the owner appeared.

Tenants who live over the grocery store heard a scuffle and a shot fired about midnight.

DIES ON WIRE FENCE

Sistersville, W. Va., Jan. 6.—Lloyd, aged 7 years, son of George Billiter, of Calico Ridge, met with a tragic death Sunday, while coasting near his home, with an older brother, when the sled crashed into a barbed wire fence with such force that his throat was cut.

Death was almost instantaneous.
